WRONG BALL IN FIRST FOUR STROKES OF A GAME					
10.5.3	The balls are replaced in the positions they occupied at the end of the turn in which the last valid stroke was played and the score at that stage is reinstated.				The striker plays the next ball in sequence.
PREVIOUS STROKE PLAYED WITH OPPONENT BALL					
10.5.4	And last stroke played by the other side	Any hoops scored in the last two shots are cancelled	Play starts again with a Penalty Area Continuation ³		
For other Special Situations see 10.5.1 and 10.5.2					

1. Replace and Replay (Rule 10.4.1)

All balls moved as a result of the last stroke are replaced, no hoops are made and striker plays

2. Ball Swap (Rule 10.4.2)

All balls moved as a result of the last stroke are left where they stopped, the ball played in the last stroke and its partner ball are swapped, any hoops are counted, the non-offending side then plays the ball next in sequence. A swapped ball takes the offside status of the ball with which it is swapped.

3. Penalty Area Continuation

The loser of a coin toss chooses which Penalty Area play will start from and the winner of the toss will start play with either ball of their side.
